

<u>Resident</u>	<u>Program</u>	<u>Project</u>	<u>Leadership Role</u>
Anna Amos	PGY-1 Metro, Inc.	Optimizing Antibiotic Dosing in Patients on High-Flow CVVH	Professional Networking Chair Coordinator
Thomas Drummond	PGY-1 Metro, Inc.	Analysis of Burnout Contributors in Pharmacy Residency Program Preceptors across a Large Midwest Health System	Time Study Coordinator
Mitchell Glodoski	PGY-1 Metro, Inc.	Analysis of patient outcomes with coadministration of a CYP2D6 inhibitor with doxorubicin in patients receiving treatment for breast cancer.	Conference-Travel Coordinator
Julianna Kuecker	PGY-1 Metro, Inc.	Clinical Use of Fungal Diagnostics: Evaluation of Baseline Use and Development of Diagnostic Guidance in High-Risk Adults	Creative Services Coordinator
Michael Larson	PGY-1 Metro, Inc.	Prospective Prior to Admission Medication Histories Conducted by Pharmacy for Planned Sotalol and Dofetilide Loads to Reduce Time to First Dose	Leadership Development Series Coordinator
Kans Lewis II	PGY-1 Metro, Inc.	Analysis of Perioperative Management of Antithrombotic Therapy Against Updated 2022 Guidelines	Residency Manual Coordinator
Emily Mowrer	PGY-1 Metro, Inc.	Develop workflow for technicians to proactively review inventory for soon-to-expire medications	Time Study Coordinator
Ryan Pijanowski	PGY-1 Metro, Inc.	Cost Saving Analysis on Standardization of Computerized Provider Order Entry Guided Selection of Venous Thromboembolism Prophylaxis	Leadership Development Series Coordinator
Leah Radde	PGY-1 Metro, Inc.	Establishing a new minimum standard documentation and workflow for patients discharged on warfarin to ensure safer care transitions at discharge following hospitalization	Continuing Education Coordinator
Kayla Reynolds	PGY-1 Metro, Inc.	Implementation of an Emergent Inpatient Intrathecal Pain Pump Workflow	DNV/Accreditation Coordinator
Dylan Sarocco	PGY-1 Metro, Inc.	Direct Thrombin Inhibitor use in Extracorporeal Membrane Oxygenation	Residency Manual Coordinator
Mitchel Sorensen	PGY-1 Metro, Inc.	Gap Analysis of Oncology Pharmacists' Baseline Knowledge of Pharmacogenomic Therapy	Year Long Project Coordinator
Victoria Stang	PGY-1 Metro, Inc. (PGY1 HSPAL)	Evaluation of a Third Shift Pharmacist Staffing Pool Design within Wisconsin Pharmacy Sites	Recruitment Coordinator and Liaison
Maria Hill	PGY-1 Metro, Inc. (PGY1 HSPAL)	Expanding Patient Medication Access: Developing a Drug Repository Program at A Wisconsin-Based Medical Center	Recruitment Coordinator
Megan Clement	PGY-1 Community-Based (Metro, Inc.)	Implementing Wisconsin Medicaid Pharmacist Provider Status within Health System Ambulatory Clinics	Shared responsibility of Recruitment Coordinator and Time Study Coordinator
Joeseeph Loredo	PGY-1 Community-Based (Metro, Inc.)	Defining Criteria For Patients To Be Recommended For Referral To Ambulatory Pharmacy Services	
Bessma Dabaan	PGY-1 AWAMC	Development of Best Practice Guidance for Pharmacy Provided Discharge Medication Education at a Multisite Health System	Student Mentor
Jenna Wainscott	PGY-1 AWAMC	Standardization of Image Capture practice for batched products and stock solutions	Recruitment Coordinator
Bryn Cunningham	PGY-1 AWAMC	Developing a Catalog of Compliant Equipment Used within Sterile Compounding Classified Areas Across an Enterprise	Time Study Coordinator

Aften Richter	PGY-1 ABMC	Providing data and analytical justification for the implementation of an ambulatory pharmacist position in the Primary Care setting at Aurora BayCare Medical Center	Shared responsibility of Recruitment Coordinator and Time Study Coordinator
Matthew Bougie	PGY-1 ABMC	Evaluation of the transition of care services from the emergency department to home in two cohorts	
Kylar Crouse	PGY-1 ABMC	Evaluating the Impact of Physician Education on Diabetic Ketoacidosis Management in Emergency Medicine: An Evaluation of Patient Outcomes	
Sara Mehmood	PGY-1 Grafton	Optimizing Heart-Failure Education and Monitoring for Systematic Improvement	Recruitment Coordinator
Hannah Yurske	PGY-1 Grafton	Development of an Emergency Department (ED) Pharmacist Position for a Single-Center Community Hospital Within a Multi-State Healthcare System	Time Study Coordinator
Lindsey Proegler	PGY-2 Ambulatory Care (ASLMC)	Development of Chronic Disease Management Training and Competency Plans for Pharmacists in the Ambulatory Care Setting	
Alexandria (Alex) Nunez	PGY-2 Critical Care (ASLMC)	Evaluation of the Incidence of New Sedating Medications on Discharge and Opportunities to Limit Inappropriate Sedating Medications after Critical Illness	
Hannah Farley	PGY-2 Cardiology (ASLMC)	Optimization of Unfractionated Heparin Infusion Protocols at Advocate Health Midwest Region	
Adam Butzler	PGY-2 Oncology (ASLMC)	Expansion and Education of Bispecific T-cell Engager (BTCE) Treatment	
William (Billy) Morrissey	PGY-2 Oncology (ASLMC)	Evaluation of Pre-emptive UGT1A1 and DPYD Testing at a Large Community-based Healthcare System	
Kevin Rios Martinez	PGY-2 Oncology (ASLMC)	Updating Oral Oncolytic Treatment Plans	
Nathan Schieldt	PGY-2 Oncology (ASLMC)	Evaluation and Optimization of Tumor of Origin Testing in a Large Community Based Practice	
Nicole Christy	PGY-2 Infectious Diseases (ASLMC)	Impact of Pharmacy-Driven Antibiotic Time-Out Intervention and Antimicrobial Stewardship Best Practice Alert at Discharge for Hospitalized Adults	
Clare (Yanyan) Chen	PGY-2 Informatics	Sterile Compounding Optimization Within the Electronic Health Record	
Sean La Bodda	PGY-2 HSPAL	Medication Adherence Performance Dashboard: We are developing a dashboard to highlight the impact of our population health pharmacists on patient medication adherence	
Michelle Jordan	PGY-2 HSPAL	Development of a centralized automated dispensing cabinet replenishment model across a multistate health system	
Cailynne Santos	PGY-2 HSPAL	Implementation of a Youth Apprenticeship Program at Aurora St. Luke's Medical Center	
Megan Sinnen	PGY-2 HSPAL	Evaluation of the expansion of premix parenteral nutrition in MW region of Advocate Health
