Clinical Group Expectations

Identification Badge:

- Identification badges are requested and provided for instructors only. Please request badge from site clinical placement specialist . New request required for each clinical rotation
- Badges can be picked up from House Supervisor office (244-6) at the beginning of your clinical rotation. Badges must be returned at the end of each clinical rotation
- Students must wear school ID at all times

Entrances and Parking:

- Students and instructors may park across the street from main hospital parking lot (McHenry Street) and enter through main lobby

Cafeteria:

- Located on first floor, open 0700-1100 and 1130-1330
- Grab and go items and vending machines also available during off-hours

Post clinical meeting rooms:

- Limited availability, instructor to request reservations through site clinical placement specialist

Personal Belongings:

- Students may use staff breakroom (249) but please limit belongings that you bring as space is extremely limited.
- Hospital is not responsible for missing items

Off-Unit Observations:

- Off-unit observations are available and limited to one student per day
- Instructor to reach out to unit manager for approval of off-unit observations
- Scheduling of observations must be arranged by instructor with unit manager
- During times of high census or when teammates are unable to meet the needs of the students, off-unit observations may be limited or cancelled at the unit manager's discretion

- Off-unit observations are shadow experiences only – no hands-on patient care. For any hands-on patient care, the instructor is required to be with the student
- Experiences/observations are at the discretion of the patient’s primary care nurse and with the permission of the patient

Expectations When on the Unit:

- Patient care and safety is our priority
- Hand hygiene (hand sanitizer) is required before and after gloving, before entering, and after leaving a patient room/patient care area
- Professionalism (attire, behaviors, communication) is always an expectation
- Answer call lights, respond to alarms, seek out learning experiences, and ask questions
- Belongings to kept in breakroom/meeting room – not in nurse’s station
- Direct communication required with patient’s primary nurse at the start of your clinical shift, before you leave, and as needed throughout your day
- Have questions? Please ask
- Concerns? Please escalate them immediately and if the response does not meet your needs, escalate it again (resources below)
 - Primary RN
 - Physician
 - Instructor
 - Unit Manager
 - Site clinical placement specialist
 - Get help – Call a Rapid Response Team 7060-2222
- Students to complete all documentation and instructors and preceptors to complete all co-signatures before leaving for the day
