Age-Friendly Health System

CLINICAL EXPERTISE AND SPECIALTIES

Heart Care

Comprehensive heart care including complex cardiac surgery, a dedicated electrophysiology lab to treat cardiac arrhythmias, a 24/7 state-of-the-art cardiac catheterization lab and cardiac & pulmonary rehabilitation programs

Orthopedics

Specialists in foot & ankle, hand & upper extremity, hip resurfacing, joint replacement, musculoskeletal oncology, shoulder reconstruction, spine & back care and sports medicine

Surgical Services

Minimally invasive options with robot-assisted procedures using the da Vinci surgical system for general surgery, prostate cancer and thoracic surgery with less pain or blood loss and faster recovery. Center of excellence for robotic thoracic surgery

Women's Health Care

Complete obstetric and gynecological care, maternal fetal medicine, minimally invasive gynecological robotic surgery and 24/7 access to the highest level neonatal intensive care unit (Level II) in Ozaukee County. Our NAPBC breast center offers a multi-disciplinary team of breast surgeons, medical and radiation oncologists, plastic and reconstructive surgeons

Emergency Care

24/7 emergency and trauma care for life-threatening conditions like heart attacks, strokes and serious bone fractures with accreditation in geriatric emergency care

Neuroscience

Diagnose and treat brain, spinal cord and neuromuscular conditions, including myasthenia gravis, peripheral neuropathies, myopathies and motor neuron disease

CARING FOR OUR COMMUNITIES

Safety education courses for student athletes including CPR, First Aid and Stop the Bleed

Improving access by providing transportation vouchers and helping patients connect with a primary care provider

Workforce development including partnerships with local high schools and universities for student placement and fellowship
