

Aurora Medical Center in Grafton

Aurora's newest medical center offers the residents of greater Ozaukee County a fully coordinated patient care experience. This state-of-the-art regional medical center redefines patient care with a unique healing environment that emphasizes comfort and convenience. Patients and their families have access to the latest technology, treatment options and a compassionate medical team of physicians and specialists in the heart of Grafton.

- Aurora Medical Center in Grafton is the first entirely “green” medical center in Wisconsin, which promotes a healing environment for our patients.
- We provide reserved close-proximity parking spots for fuel efficient vehicles, as well as convenient parking for carpoolers, which lessen the exhaust fumes around the entrances to the medical center.

Carpooling = The shared use of a car by the driver and one or more passengers, which produces less carbon monoxide and greenhouse gases released into our air.

- **Coming soon:** To learn more about our green initiative and LEED certification, look for kiosks at the orthopaedic and main entrances to the hospital.

Let's get together ...
