

R4 Class

Josh Gahan, MD (PGY-V)

College: **University of Michigan**

Medical School: **Wayne State University School of Medicine**

Hometown: **Sterling Heights, MI**

I am a laid-back person who enjoys technology and learning new things, and I think these interests fit really well with radiology. I am a lifelong PC gamer, and I spend most of my free time on movies, shows, and video games.

Matthew Rappelt, MD (PGY-V)

College: **University of Wisconsin**

Medical School: **Medical College of Wisconsin**

Hometown: **Kenosha, WI**

As a native to Southeast Wisconsin, I'm grateful to be able to be training in Milwaukee. When I'm not at work, I enjoy reading, films, hiking, cycling, and geeking it up with a good board/card/video game. You can also find me around town hunting a good old plate of spicy noodles.

Matt Young, DO (PGY-V)

College: **Ramapo College of New Jersey**

Medical School: **University of Texas Osteopathic**

Hometown: **Paterson, NJ**

I enjoy hiking, computers/gaming and astronomy. My family and I are new to Milwaukee, but we really like it so far. We are looking forward to exploring the city and the greater Midwest.

R3 Class

Adam Bernardi, MD (PGY-IV)

College: **Augustana College**

Medical School: **University of Illinois College of Medicine**

Hometown: **Rockford, IL**

I am an easy-going person who probably watches way too much sports (if that is such a thing). I was born and raised in northern Illinois and am new to Milwaukee and loving it. In my free time I enjoy spending time with my wife and exploring everything Milwaukee has to offer, watching sports (Bear Down!), playing video games, and fishing.

Abdalah Ismail, MD (PGY-IV)

College: **University of Illinois**

Medical School: **Medical College of Wisconsin**

Hometown: **Chicago, IL**

I was born in the South suburbs of Chicago and shortly moved to New York until returning to Chicago by the age of 9. My background is Egyptian, which I am very proud of. I love most sports, particularly basketball and soccer. I also like training MMA and am an avid fan of the UFC and other MMA organizations. I have training history in kickboxing and Jiu Jitsu. The gym is where my second passion in life lies. I also love reading, writing, cooking, and journeying into new lands. I went into radiology because I see it as a huge blessing of a career.

Jackson Ritchey, MD (PGY-IV)

College: **University of South Carolina**

Medical School: **University of South Carolina School of Medicine**

Hometown: **Atlanta, GA**

Most of my free time is spent playing videogames, board games, watching TV, or hanging out with my wife, Susie. Despite cooking only a fraction of the time since my wife is a dietitian, I actually like to think I can make a somewhat edible meal. I love baking bread and cooking up steak or salmon when I have the time. As someone who had rarely been north of Tennessee for the first 25 years of my life, I am proud to announce that I survived my first Milwaukee winter. I am hopeful to continue this streak.

Mitchell Thompson, DO (PGY-IV)

College: **St. John's University**

Medical School: **Des Moines University**

Hometown: **Onalaska, WI**

I lived in Milwaukee for a few years prior to medical school and am thrilled to be back. I love the Milwaukee food scene and enjoy trying out different craft breweries. In addition, I enjoy biking the Oak Leaf Trail, cheering on the Packers, and playing fantasy football.

R2 Class

Tisileli Tuifua, MD (PG-III)

College: **University of Utah**

Medical School: **Cleveland Clinic Lerner College of Medicine**

Hometown: **Utah**

I have spent the last six years in the great Midwest. I am happy to have fallen in love with Milwaukee after experiencing the culture, affordable cost of living, and my first hefty order of cheese curds. I spend most of my free time with my partner, Angie, and my angry cat, Herbert, who never fight over toys or cry at all. I enjoy playing video games, listening to new music, and working out, and if ample free time permits, I enjoy small personal coding projects.

Jared Magnuson, MD (PG-III)

College: **North Dakota University**

Medical School: **University of North Dakota School of Medicine**

Hometown: **North Dakota**

Prior to moving to Milwaukee, I was born, raised, and attended medical school in North Dakota. In my free time, I'm either traveling or planning my next vacation. I'm an avid rollercoaster enthusiast and a season pass holder to Universal Studios in Orlando, despite living 1200 miles away. I'm also a massive Minnesota sports fan that's still painfully adjusting to all the green and gold of Wisconsin. Go Vikings!

Thang Nguyen, MD (PG-III)

College: **University of Wisconsin**

Medical School: **University of Wisconsin**

Hometown: **Vietnam**

I was born in Vietnam and had lived there for 12 years before coming to Baraboo. In my free time, I enjoy going to the gym (favorite day: pull day), playing video games. I also like reading and cooking, especially Vietnamese dishes, but my true passion is to become a BBQ pitmaster.

Philip Kaminsky, MD (PG-III)

College: **Bethany Lutheran College**

Medical School: **University of Minnesota**

Hometown: **New Prague, MN**

I was born and raised in rural southern Minnesota. Before medical school I was an infantry officer in the national guard where I met and married the love of my life, Beth. Together we have 4 beautiful children. When I am not at the hospital, I spend my time taking care of our small hobby farm. We keep miniature goats, chickens, and ducks as well as a small vegetable garden consisting mainly of potatoes because vegetables are the worst.

Benjamin Burdorf, MD (PG-III)

College: **University of Minnesota**

Medical School: **Northeastern Ohio University**

Hometown: **Minnesota**

As a native Minnesotan, it's hard being around so many Packers fans. However, my wife and I love discovering all the food and theater scenes Milwaukee has to offer. When not at work I am watching DIY YouTube videos, admiring Costco's OLED TVs, or catching the latest new film (we're Marcus loyalty members).

R1 Class

Logan Sutton, MD (PG-II)

College: **University of Kansas**

Medical School: **University of Kansas**

Hometown: **Kansas City**

I lived in Kansas City for medical school, but I grew up living in Hawaii and California. I have a 120lb St Bernard named Cabbage who loves Wisconsin winters. In my free time I like to play video games and TTRPGs, explore the Milwaukee food and coffee scenes, and read Brandon Sanderson novels.

Daniel Sievert, DO (PG-II)

College: **Bethel University**

Medical School: **Des Moines Osteopathic**

Hometown: **Minnesota**

My wife and I were both born and raised in Minnesota and have loved our time in Milwaukee so far. It is a great place to have young kids with many parks within two miles of our house. Outside of work, I like to play just about any sport I can (especially soccer), work on house projects, and spend time with my wife, daughters, and dog.

Jared Muench, MD (PG-II)

College: **University of Wisconsin**

Medical School: **Medical College of Wisconsin**

Hometown: **Manitowoc, WI**

Before starting medical school and joining the field of Radiology, I worked as an engineer designing exercise equipment. Outside (and inside) the reading room, I love drinking coffee while planning our next DIY home improvement project or prepping our next adventurous trip, like island-hopping in Greece, backpacking the Grand Canyon, or camping in a local state park. My wife Sara and I live in Oak Creek with our dog Tucker, and we're expecting our first child in January 2025

Abraham Weiss, MD (PG-II)

College: **Washington State University**

Medical School: **Washington State University**

Hometown: **Brush Prairie, WA**

I spent my salad days in rural southwest Washington, attending the suburb of Franklin with ample space for our dog Mochi (a Keeshond) and mostly accommodating weather for home projects, gardening and landscaping. I enjoy cooking, collecting socks, lifting weights, playing basketball and video games (MMORPGs). I also like large magnets, Where's Waldo, and Spot the Difference... think of that what you will. If you ever find me in the reading room, ask me how my lawn is doing.

Jordan Frankow, MD (PG-II)

College: **University of Missouri - Kansas City**

Medical School: **University of Missouri - Kansas City**

Hometown: **Wisconsin**

I was born in Wisconsin but lived most of my life in Missouri, so I was thrilled to come back to Milwaukee for my residency training. In my free time I enjoy hiking, fishing, trying out new breweries and watching any Wisconsin sports team.

Cody Schreiner, MD (PG-II)

College: **University of Wisconsin**

Medical School: **Medical College of Wisconsin**

Hometown: **Central Wisconsin**

Before moving to Milwaukee, I had lived the majority of my life in central Wisconsin, where I also went to undergrad and medical school and call home. I love both playing and watching sports. Having been Bucks and Brewers fan since moving to Wisconsin as a kid, now I'm close enough to enjoy them on a more regular basis. The rest of my time I try to spend doing fun stuff with my wife and two kids like playing games, going to zoos, fairs, & movies, and more recently traveling.

Isaac Poulson, MD (PG-II)

College: **Washington State University**

Medical School: **University of Washington School of Medicine**

Hometown: **Bellingham, WA**

I am originally from Washington state and spent my whole life there prior to residency. I spent my first 2 years in Wisconsin as an orthopedic resident in Madison before pivoting to radiology. Before moving to Wisconsin, I enjoyed downhill skiing and mountain biking in my free time, but as mountains are tough to come by here, my girlfriend and I have enjoyed biking the trails and beaches around Milwaukee. We love trying new restaurants and bars and have leaned into the cheese curd and ice cream culture. We love our new Milwaukee home and the amazing people here!
